KANREC

Independent Play Components

Make your playground even more exciting with our full line of additional independent playground components. Teeter totters, spring toys, climbers and activity walls; there is so much to choose from children with want to spend endless hours at your community park playing with family, friends or independently. Our independent components are a great way to add more play value to your space without investing in a complete playground makeover. Or they can be combined with any new playground structure to give a well-balanced play experience for all community members and their families.
