Cibles en feuilles d'aluminium enduites  
d'une peinture de poudre de polyester.  
L'aluminium aide à distinguer si le coup  
est bon par le son différent que  
l'aluminium produit. Additionner vos points

Targets are made of aluminum plates and  
covered with polyester powder paint.  
Aluminum helps distinguish  
if you hit target by listening to the different  
sound hitting the aluminum plates.
